The Overview

Values Organics

PULSES | OIL SEEDS | SPICES | CEREALS | FLOUR

Company Overview

Established Since 2014, Value Organic has been promoting the culture of organic farming since 2007. We have over 25,000 acres of certified land. We follow Vedic as well as biodynamic methods of farming in which crops are grown with the help of bio-system. We promote sustainability in agriculture by striking a balance between the needs of farmers, customers and nature thus supporting healthy farming and a full range of life.

HOW TO OPERATE

Awareness

Awareness in creating effects of chemical farming on humans, farms and environment, effects of poisonous food on consumer. Benefits of organic farming.

Certification

Certification of the farms

Production & Procurement

Procurement of the produce direct from the farms

Processing & Packing

Processing of these farm products into final product

Forming Farmer Groups

Forming farmer groups carry out group farming.

Training & Development

To impart training to all farmers in the group on bio-dynamic and organic farming practices. Demonstrations on bio dynamic composting, liquid manures (jeevamrut), natural pesticides. Training on record keeping and documentation
